

RealFoundations is a vertically focused solutions provider serving the €12 Trillion global Property and Building industries.

At a glance

As the only professional services company wholly focused on the global property, real estate development, owner/operator and real estate capital markets sectors, RealFoundations delivers to clients value-driven analysis, specific recommendations and the capability to execute.

People

- 175+ global client serving professionals
- All consulting professionals have an average of 5-10 years of experience providing business solutions to the property and development industries
- A Management Team with nearly 20 years experience working together as a management team
- Deep financial, operational and technology consulting skills developed as part of a successful "Big 4" firm with an established business track record

Clients

Members of RealFoundations have provided consulting services to:

- 20 of the EPRA/NAREIT Top 50 Global REITS representing 37% of the total market capitalisation of the entire index as of February 2008
- 18 of the top 50 Retail Property Owners by GLA, representing over 1.28 billion square feet
- 19 of the top 50 Retail Property Managers by GLA, representing over 1.38 billion square feet under management
- 6 of the Top 30 Property Developers and 11 of the Top 25 Office Owners as listed by NREI

Methodology

RealFoundations delivers services under the guidelines of a three-part methodology supported by strict project management and change management disciplines.
